¹ ADJUSTMENT CREDIT REQUESTS

Time Limits & Documentation Requirements: The Adjustment Policy allows stewards to request adjustments to their reports for a period of up to two years from the associated report submission due date (regardless of the date the steward submitted its report). In order for an adjustment to be considered, a complete adjustment request package (i.e., a completed and comprehensible adjustment request form accompanied by sufficient documentation to support the requested changes) must be received by CSSA prior to the adjustment deadline. For further details and clarification, please see the Appendix.

Revisions to ABOM groupings?		
The creation of ABOMs, when one was not originally used to develop the report?		
Adjustments to reports where the steward previously requested an adjustment for the same report?		
Adjustments due to changes to your business model such as divestments, mergers, or acquisitions?

Appendix – Steward Initiated Adjustment Deadlines for PPP Programs

Steward Initiated Adjustment Deadlines for PPP Programs			
Report	2020 Report (2019 Data)	2021 Report (2020 Data)	2022 Report (2021 Data)
Deadline for annual report submission	31-Jul-20	31-May-21	31-May-22
Deadline for completed Adjustment Request	31-Jul-22	31-May-23	31-May-24

Data Reporting Options

To help stewards meet the extended reporting deadline, two reporting options are available:

1. Stewards can report as usual using their 2020 sales data; or
2. Stewards unable to collect 2020 data may reuse their 2019 data (net of any adjustments program corrections that may have been made).

Please note that stewards taking advantage of the methodology in option 2 will be unable to later request adjustments to their 2021 report.

Also, any steward who entered the market during 2018 and filed a partial-year report last year, will be required to extrapolate a full year of data before reusing it for their 2020 report.
